

Substitute Form W-9

Request for Taxpayer Identification Number and Certification

If the information in this form is incorrect, please contact your payer to modify your records.

Section 6109 of the Internal Revenue Code requires you to give your correct Taxpayer Identification Number (TIN) to persons who must file information returns with the IRS to report your nonemployee compensation. The IRS will use the numbers for identification purposes and to help verify the accuracy of your tax return. You must provide your TIN whether or not you are required to file a tax return. Failure to provide a correct TIN may result in backup withholding. You will not be able to withdraw funds from your account unless this form is signed, and information validated using the IRS Taxpayer Identification Number (TIN) Matching Program.
